BAND TO ACCOMPANY AUTO PURCHASED LOCAL DELEGATION FOR LOCAL POLICE

Those Who Attend Welcome Home Celebration in Indianapolis Will go on Special Train.

MEET HERE AT 8 O'CLOCK A. M.

Indianapolis Dispatch States Date is Definite Fixed as Wednesday, May 7.

John E. Hunsucker, of Vallonia, chairman of the Jackson county council of defense, is making final arrangements for the trip of the county delegation to the Welcome Home day celebration in Indianapolis. A dispatch received by The Republican this afternoon stated that the date for celebration has been definitely fixed for Wednesday, May 7. Mr. Hunsucker had not been advised of the exact date late this afternoon, but is expecting word any time.

Mr. Hunsucker said that the soldiers and civilians who attended the celebration would leave here on a special train over the Pennsylvania Lines at 8 a. m. on the day of the celebration. The railroad fare of the soldiers will be paid by the county. The special train, it is understood, will be open to the general public as well as the guests of the day. Mr. Hunsucker emphasized that soldiers and civilians living out of Seymour who intend to participate in the celebration must be here promptly at 8 o'clock on the morning of the celebration. Most of the delegation living outside the city will find it necessary to come here in automobiles and in Vallonia and other places arrangements are being made for the conveyance of the soldiers to this city overland in time to take the special train.

The Seymour Concert Band will accompany the delegation and will appear at the head of the Jackson county column in the big parade in Indianapolis. Adolph Steinwedel, band director, told Mr. Hunsucker that he would suggest to the band that they made the trip for their expenses. The cost of the trip will be made up by popular subscription and as the majority of people are anxious that the county have a good showing, no trouble is expected in raising the amount of the band's expenses for the trip.

Mr. Hunsucker said that at least 250 returned soldiers and sailors in Jackson county would make the trip. The men are asked to register as soon as possible so all arrangements can be completed at an early date. While Jackson county had about one thousand men in the service, some of them have not been released, while others who have been mustered out have taken up employment in other places. An effort will be made to have them join the Jackson county delegation in the Indianapolis parade.

MAY 7 DESIGNATED AS WELCOME HOME DAY

150 Field Artillery to Arrive in Indianapolis Next Wednesday.

By United Press. Indianapolis, April 30—May 7, next Wednesday, is to be the date Indiana will extend the glad hand to her war heroes, according to the present railroad schedules, the 150th Field Artillery, Rainbow Division, will leave Camp Merritt, May 5 and will arrive here on the 7th. Its arrival will be the signal for the giant Welcome Home celebration which has been planned in detail during the past few weeks.

Nearly every county in the state will be represented at the demonstration, which will be featured by a parade of discharged soldiers from all of the counties interested.

The official word that the troops would arrive here on that date was conveyed in a telegram received from the troops movement section of the railroad administration.

City Council Closes Contract for Machine at Special Session Held This Morning.

BUYS OVERLAND TOURING CAR

Machine Will be Used in Running Down Speeders and in Tabulating Light Outage.

A special session of the city council was held at the city building this morning at 9:30 o'clock for the purpose of purchasing an automobile for use by the police department. The purchase of a car has been under consideration by the council for some time.

All members of the council were present at the meeting and following some discussion as to the kind of a car to purchase a vote was taken which resulted in five voting for an Overland touring car, for which James Phillips is the local agent. One of the councilmen favored the purchase of a used Oakland touring car which had been offered the city, and another favored buying a Chevrolet. The Overland car was bought and will be delivered immediately.

It was the unanimous instruction from all the councilmen that the car be used for no other purpose than for answering calls for the police department. It is pointed out that the police will now be able to run

\$50,000 DAMAGE SUIT FILED IN CIRCUIT COURT

Administrator of Estate of Joseph Hornung Brings Action in Behalf of Widow and Children.

A fifty thousand dollar damage suit has just been filed in the Jackson circuit court by G. A. Berdon, administrator of the estate of the late Joseph F. Hornung, against the Baltimore & Ohio railroad company. Mr. Berdon has brought the action on behalf of Mrs. Frieda Hornung, widow of the deceased, who lost his life in a wreck on the Baltimore & Ohio road December 29, 1917, when the section of train No. 23 collided with train No. 2 near North Vernon. Mr. Hornung was the fireman on No. 23 and was one of those who lost their lives as a result of the terrible accident.

The complaint as a whole alleges that Fireman Hornung lost his life while carrying out the orders of the defendant railroad company. To M. Honan, of this city and Beckett & Beckett of Indianapolis are the attorneys for the plaintiff. Besides the widow, it is set out in the complaint that the deceased is survived by five small children.

MARION COUNTY LAGGING

Victory Loan Going Big in Other Seventh District Units.

By United Press. Indianapolis, April 30—Marion and Vigo counties are practically the only ones lagging in the Victory loan in the Indiana section of the Seventh federal reserve district, state loan headquarters announced today. In nearly every other county the loan is "going big," with the exception of moneyed interests failing to subscribe in many instances. The total for the sixty-eight counties in the Seventh district was \$47,869,550.

Special Service.

The First Baptist church will hold a special service at 7:45 this evening. "Missions in Japan" will be the subject of the paper to be presented, Miss Edna Downs, pianist. Social hour in charge of the "Cheerful Wiggles", one of the junior department classes. A large attendance is urged.

Notice.

Monday, May 8, is the last day for paying street assessments without paying additional costs under Barret law act.

ROOSEVELT TREES PLANTED IN BROOKLYN

To the borough of Brooklyn fell the honor of planting the first trees to the memory of the late Col. Theodore Roosevelt. The celebration was attended by many of the ex-president's closest friends. The planting was held under the auspices of the Junior League of the American Association for the Planting and the Preservation of City Trees. This photograph shows the trees being set at Bedford park, Brooklyn.

PETITION IS FILED FOR NEW TOWNSHIP

Residents in Freetown and Vicinity Would Divide Salt Creek Into Two Corporations.

PERSHING PROPOSED AS NAME

Action Taken, It is Alleged, So That Freetown May Have a High School Building.

A petition signed by 181 residents of Freetown and the vicinity, addressed to the board of commissioners of Jackson county has been filed in the office of Albert Luedtke, auditor, asking that Salt Creek township be divided and that the name of the new corporation to be comprised of the eastern part of the township be known as Pershing township. The petition asks that the dividing line be established two miles west of Freetown, or about one mile east of Houston. The petition was filed by Charles Tinch, of Freetown. The matter will be presented to the commissioners when they meet in regular session Monday.

It is stated that the action of the residents of the eastern part of Salt Creek township is due to a school fight which has been in progress for about four years. Originally the

INSPECT LOCATIONS FOR S. D. A. COLLEGE

Several Sites in the Vicinity of City are Seen by a Special Representative.

Elder C. W. Wiest, president of the Seventh-Day Adventists' College, located at Boggsstown, Ind., was here this afternoon, inspecting locations with the idea of moving the institution. He was shown tracts of land south and north of the city. He expressed the desire to have the location close to the interurban line. He is making a tour of the southern part of the state and will file recommendations with the college board of trustees in the near future.

Mayor C. W. Burkart and G. C. Borcherting, representing the chamber of commerce escorted Elder Wiest to the various locations. The college buildings will consist of two or three large structures and a number of smaller buildings, Elder Wiest said. Ministers of the denomination are educated at the college and it is also the central meeting place for the Indianapolis district.

LOCAL MAN IS BAND LEADER

Rainbow Musical Organization Directed by R. A. Brinklow, Play Indiana "With Pep."

ALL HOLD LIBERTY BONDS

Each Musician Wears Three Gold Chevrons on the Left Coat Sleeve.

This morning's Indianapolis Star carried an article written by their staff correspondent in New York about the famous 150th field artillery band of which Reginald Brinklow, formerly of this city, is the leader. The musical organization is recognized as one of the best in the United States army. The article concerning the band of which Kingsley Brinklow, brother to the band leader, is a member follows:

The famous band of the 150th Field Artillery Regiment came into New York city from Camp Merritt, N. J., this afternoon to help whoop up the Victory Loan. It stirred up enthusiasm everywhere it made its appearance.

The soldier musicians, each wearing three gold chevrons on his left sleeve, were quickly recognized by the crowds as overseas men of long service and they were received with cheers everywhere. But better than the cheers, many persons were inspired to buy more bonds in recognition of the service of these victory boys. The crowds knew from the Rainbow emblems on their left shoulder that

WIDESPREAD BOMB PLOT UNEARTHED IN NEW YORK

Seventeen Packages Addressed to U. S. Officials Found to Contain Explosives.

By United Press. Washington, April 30—A widespread bomb plot, involving attempts on the lives of members of President Wilson's cabinet and many prominent officials in the United States was brought to light today by the post-office department.

Seventeen packages held up for lack of sufficient postage in the New York city postoffice were found to contain explosives, it was said. How many more had passed through the mails had not been determined. The disclosures were made during an investigation of packages containing bombs sent from New York to former Senator Hardwick, Georgia, and Mayor Hanson, of Seattle.

All packages bore wrappers of Gimbel Brothers' New York department stores, which officials of the firm say are imitations.

NEW ESTIMATES ON COMPROMISE MADE ROADS TO BE MADE ON JAPANESE ISSUE

Viewers Are to Prepare Report on Jackson Township Highways Before Next Monday.

SITUATION STILL MUDDLED

Boone Construction Company Asks to be Relieved of Its Contracts—Cost Has Advanced.

The muddled situation relative to the contracts for the construction of three concrete highways in Jackson township may be clarified to some extent at the meeting of the county commissioners next Monday. At that time it is expected that the report of the viewers appointed to make a re-estimate of the cost of the work will be filed and action will be adopted relative to the status of the Boone Construction Company which has asked to be relieved of its contracts.

There seems to be considerable uncertainty as to the new law which provides that contractors who hold contracts awarded prior to June 1, 1916, may be relieved of their obligations. The last legislature enacted the law on the ground that the cost of materials were suddenly advanced after that date due to the war time conditions and that the contractors had no way to protect themselves against the conditions over which they had no control.

At the last meeting of the commissioners two plans were proposed. One was that the Boone Construction Company and its bondsmen be held liable for additional cost of constructing the three roads, while the other was to release the company immediately. There appears to be uncertainty as to whether the bonding company could be held liable for the increased cost and if an effort were made to collect it the roads would be thrown into a long period

MARTIAL LAW LIFTED AT LINTON: TROOPS SENT HOME

Telephone Exchange Temporarily Closed Pending Investigation by Commission.

By United Press.

Linton, April 30—Martial law was lifted and the militia was ordered to return to their home cities this afternoon, following a meeting of representatives of the central labor unions and Frank Wampler, general manager of the Central Union Telephone Company. The meeting was called by the commission of conciliation appointed by Governor Goodrich to handle the situation.

It was also agreed that the eight striking telephone operators whose walkout threw the town into sympathetic turmoil and resulted in the declaration of martial law, be reinstated for a week pending arbitration by the Governor's commission.

Adjutant General Smith, military commander of the mining town, told the Governor over the long distance telephone that the situation is clearing rapidly and that he believes there will be no need for the militia after the Governor's "peace commission" meets business men, telephone officials and representatives of the strikers today.

Fight strike breaking telephone operators, imported from Indianapolis, were taken from the job and the local telephone exchange was closed until the commission confers with business men, officials of the Central Union Telephone Company, representatives of the striking operators, and others of the Central Labor Union.

The meeting was scheduled for 10 o'clock and was expected to result in settlement of the telephone difficulty which threw the town into sympathetic turmoil.

An armistice was agreed upon late last night when Adjutant General Smith, military dictator of Linton, was informed of the appointment of the commission. The armistice provided that the troops be withdrawn to their barracks in the Linton hotel, the Elks and Moose club rooms and

Japan to Temporarily Retain Valuable Rights in the Shantung Peninsula.

CHINA ALSO MADE CLAIM

American Tendency Was to Recognize Chinese Demands—Settlement to Hasten Peace.

By United Press. Paris, April 30.—The Japanese question has been settled, it was officially announced this afternoon. While the details were not announced, it was understood a compromise was reached where Japan will retain temporarily her valuable rights in the Shantung peninsula, permanent ownership of which will be determined after the peace treaty is signed.

The American tendency was to recognize China's claims as the Germans seized the territory in question by force, but it was later deemed advisable to favor a compromise so as to dispose of the matter quickly and not delay peace with Germany.

ITALIAN DELEGATES ARE OFFICIALLY WITHDRAWN

Chamber of Deputies Votes Confidence in Ministry, Socialists Dissenting.

By United Press.

Rome, April 30—Italy officially approved tonight the withdrawal of its delegates from the peace conference. Following Premier Orlando's speech outlining the stand he had taken in Paris, the chamber of deputies voted confidence in his ministry, only the socialists dissenting. There was some speculation as to the government's next move.

Some of observers held, however, that the initiative has now passed to the allies. A statement handed to Premier Orlando by President Wilson on April 14, was published here today. It reiterates the President's desire for the "utmost justice to Italy" but declares he did not feel at liberty to suggest "a peace for Germany and another for Austria."

Wilson declared that the fourteen points must be applied to all especially since all have agreed to them. The statement revealed that Wilson proposed the Island of Lissa be ceded to Italy and that she retain the port of Avlona.

"I had taken care to declare on several occasions with all firmness compatible with courtesy, that the program of territorial claims is based on certain essential principles which constituted for our government an absolute condition," Orlando declared in his speech before parliament.

"There you have a summary of the history of the activities of the Italian peace delegation from the middle of March to the day when it was decided to summon the German delegates."

DISQUIETING REPORTS COMING FROM ITALY

Conferences Between Orlando and Page are Not Entirely Satisfactory.

By United Press.

Paris, April 30—Disquieting reports were received from Italy today. The conferences between Premier Orlando and American Ambassador Page are understood to have been not entirely satisfactory. Anti-American demonstrations were reported in Trieste where a crowd is said to have gathered in front of the Y. M. C. A. and demanded that the American flag be hauled down. Regret for the incident was expressed later.

WEDNESDAY, APRIL 30, 1919.

THE LINTON TROUBLE.

The citizens of Linton, we assume, are in no way responsible for the trouble that has been created in that little town. The disturbance centers around eight telephone operators. They quit their positions because they thought that they were not receiving high enough wages and desired recognition of their union. Substitutes were sent from Indianapolis and the trouble started upon their arrival.

When the investigation is made of the affair it will likely be found that the disturbance was caused by a few agitators. And the chances are good that the few disturbers will be found to be foreigners, who probably never become American citizens. Such a class is the cause of most of the labor troubles in this country. American citizens have a way, and a mighty good way, of settling their disputes by arbitration and they have found that in the long run it pays big. Americans recognize arbitration as the best means of settlement because they desire to protect their neighbors from injury and their homes from damage. Foreigners have no thought save that of starting trouble.

What this country needs and needs badly are stricter citizenship laws. American citizenship is now obtained too cheaply. The country opens its doors to foreigners who desire to become loyal to America, but our shores ought to be closed tight against that element that hopes to destroy the very principles that have made America a great nation for

the average citizen. Acquisition of citizenship will be one of the first important questions to be considered by the new congress. The laws cannot be made too rigid or severe for the right kind of immigrants will be able to comply with them.

The law abiding element in Linton will gain the controlling hand in the disturbance there. Right always prevails. And in the case wherein the Linton trouble started the operators will be treated with justice and fairness. But they cannot hope for such treatment until their claims are presented in the light of justice, fairness and good order.

WHEAT VARIETIES.

Specialists of the department of agriculture are giving attention to the classification and identification of wheat varieties grown in the United States and while the work has not been completed they have already discovered 150 varieties. The purpose of the classification is to ascertain which varieties are best for the different sections of the country. Farming today is conducted on a scientific basis. Efficiency is the aim. Crops which are not profitable are eliminated and seed selections are made on the basis of yields. The classification of wheat being conducted by the agricultural department will be valuable.

This work of wheat classification involves investigation of the early history of each variety from its introduction into the United States up to the present stage of its progress. Wheat was sown as early as 1602 by Goswold, the explorer, on one of the Elizabeth islands in Buzzards Bay. It was not until nine years later that the first wheat was sown in Virginia, while not previous to 1648 did the total crop of the Old Dominion exceed several hundred acres. The "finger-print" work which the department of agriculture is conducting in identifying and classifying all varieties of this grain is expected to be of great economic value to the wheat-growing world in general and agronomic workers in particular.

The unseasonable weather during the last few days has cost Jackson county thousands of dollars. The loss cannot be accurately estimated at this time as the extent of the damage is uncertain. The heaviest

loss, it is believed, will fall upon the fruit growers. The low temperature froze the tender buds and those that escaped may not mature on account of the weakened vitality. The damage to ground crops may not be as serious as first feared. But at best, the loss is severe and local people who had happy visions of an abundance of all kinds of fruit will again suffer a keen disappointment.

New Indiana Laws.

By Charles Kettelborough
Sheriffs—The charge for boarding prisoners confined in county jails and in the charges and custody of the county sheriffs was increased from 40 cents to sixty cents per day, and sheriffs are likewise entitled to receive from the county treasury all federal war taxes heretofore or hereafter paid on railroad transportation.

MANY PLEDGES TO RED CROSS REMAIN UNPAID

Directors of War Fund Urge that Subscriptions Be Paid as Soon as Possible.

Eleven months since the money was pledged and there are still people in Ohio, Indiana and Kentucky who have not yet paid their subscriptions to the Second Red Cross War Fund, according to accounting department records at Lake Division Headquarters of the American Red Cross.

Directors of war fund collections in various Lake Division cities are counting on the subscriptions promised. Of a total pledge of \$14,044,217.84 up to this time only \$13,362,876.34 has been turned in. This leaves \$681,645.44, almost five per cent, still unpaid, in the three states.

This means that Ohio, Indiana and Kentucky, which comprise the Lake Division, are fifth on the list of Red Cross divisions, instead of 100 per cent paid-up on the War Fund subscription.

In this county the quota was made up by taxation and the entire amount has been turned over to the proper authorities.

Conditions exist overseas which will require the utmost effort of the American Red Cross if the suffering people are to be relieved. Prompt payment of these outstanding war fund subscriptions will help.

Obituary.

Ralph William Hohnstreiter was born January 25, 1907, near Redington and departed this life just as the day was dawning April 21, 1919. He was operated on for appendicitis one week before his death and showed good signs of a speedy recovery until just a few hours before his Master said "It is enough, come home." He was a loving son, very much devoted to mother and father and home and at the hospital he always looked ahead to the day when he should return to his home. As a brother he was very thoughtful of his younger brothers and sisters, always chiding them early wrong doing. He seemed very anxious to turn his thoughts toward God. He was baptized by the Lutheran minister in infancy, and Lutherans spoke of the time when he could be confirmed. The use of profane language and the abuse of dumb animals or birds by children always brought tears to his eyes and seemed to almost break his tender heart. He loved to attend church and his evening prayer was never forgotten by him and he would never allow it to be forgotten by the younger ones. As a schoolmate, scholar and a friend he was loved by all who knew him.

A precious one from us has gone, A voice we loved is still; A place is vacant in our home Which never can be filled. God needed one more shining angel To fill his heavenly band, And so He stooped with loving care, And clasped our darling's hand. Dearest Ralph we must lay thee In the peaceful earth's embrace, But the memory will be cherished Till we see thy heavenly face.

Suggestions to Women
"Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa.

"I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." — Mrs. James Croker.

Holmdel, N.J.

"I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in my neighborhood, too." — Mrs. Thomas Ellis.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

The Facilities for Distribution of the The Standard Oil Company

(Indiana)

THE service which, at all times, the Standard Oil Company (Indiana) is prepared to render its patrons, rests securely upon a solid foundation of complete distribution.

To perfect a system which shall make every product manufactured by the Company instantly available to anyone, anywhere, any time, has been the goal toward which this Company has been working since the day of its organization.

As yet this ideal has not been achieved; but the system as it stands is conceded to be the most perfect of its kind in the world.

The present equipment for distribution, including grounds, buildings, storage tanks, motor trucks, wagons, etc., represents an investment of more than \$30,000,000.

There are 27 main stations where complete stocks of all products are kept on hand. Supporting these are the bulk stations located at 281 carefully selected points in 11 states. These stations are equipped with storage tanks having a combined capacity of 86,113,650 gallons of gasoline, 66,115,300 gallons of kerosene, and 4,300,000 gallons of lubricating oils.

It is necessary to carry this tremendous stock—total 156,528,950 gallons—at all times to insure quick, convenient service to the patrons of the Standard Oil Company (Indiana) wherever they may be, regardless of transportation difficulties or weather conditions.

To enable the Company to fulfill its obligations to patrons, and deliver to them the products they require, it is necessary to maintain a fleet of 3700 motor trucks and a caravan of 3500 horse-drawn wagons, either active or in reserve. These tank wagons are so organized that they, at regular intervals, can reach 75% of the homes in the territory at present served by this Company.

Supplementing the wagons, an equipment of 530,000 iron barrels, representing an investment of more than \$7,000,000, is kept in service to insure the safe delivery of oils and gasoline, even to those remote places where the dark-green tank wagon never has penetrated.

For the convenience of the motoring public, a chain of 1300 service stations has been organized and many others are in the course of construction. These stations are prepared at all times to supply the motorist with his requirements of gasoline and lubricating oils in any quantity and at the lowest prices.

This, in outline, is the distribution system upon which the service of the Standard Oil Company (Indiana) rests.

It is the hope of the Company that the time is not far distant when no person in the territory served will be more than five or six miles from a Standard Oil Company (Indiana) service station if he lives in the country, or more than one mile away if he lives in a town or city.

THE SMOOTHEST SMOKING TOBACCO

WHEN I smoke, I want my tobacco cured by Mother Nature—
not by Mother-in-law Process.

Velvet Joe

There is nothing harsh in Nature's methods—no stunts, no "hurry-up."

Her quiet, patient way with VELVET during its two years aging in wooden hogsheads, brings out all the kindly comfort of fine Kentucky Burley leaf.

The quicker, less expensive methods cannot possibly produce the fragrance, coolness and downright pipe qualities of VELVET, cured in Nature's way.

Today it is your privilege to enjoy, with hundreds of thousands of other smokers, this mild and friendly VELVET tobacco.

AUTO PURCHASED FOR LOCAL POLICE

(Continued from first page)

down the numerous speed law violators and will be able to keep check on the speed to be used as evidence which has been almost impossible heretofore, owing to the fact that the officers were compelled to guess at the rate of speed the violators were driving. The car will also be used in taking the light outage in the city each night and it is believed that the city's light expense will be cut down considerably in this manner as it is the opinion that several lights are out each night which the police do not get owing to the fact that the two night policemen are unable to get all over the city. The police also have hopes of catching a few violators of the new dog ordinance who are guilty of allowing their canines to run loose a part of the time.

The new machine will be kept in the fire department and will be in readiness at all times, day or night, for answering all calls that come to the department.

At the meeting this morning it was decided to sell the old horse-drawn fire truck used in the fire department before the new auto truck was purchased. It was stated at the meeting that several smaller towns in the surrounding community have been making inquiry concerning the horse-drawn truck and it is believed that if offered for sale several prospective purchasers will offer bids. A motion was introduced to have the fire truck appraised and it will likely be offered for sale within the next few weeks.

Removal Notice.

I have moved my office from the Postal Building to the Hancock Building opposite the Postoffice and will continue my practice in diseases of the eye, ear, nose and throat and fitting glasses.

DOUBLE SHOWER.

Mr. and Mrs. George Winkenhof, 121 West Bruce street, entertained a company of young people in honor of two brides of this week, Miss Beatrice Schneck, who was married this afternoon to Roy G. Rinehart, and Miss Yolande Ruddick, who will become the bride of Robert Hair, of Indianapolis. An elaborate course of entertainment had been arranged for the evening, one feature of which was a mock wedding. After the ceremony the shower bouquets of the bride and matron of honor were presented to the two honor guests and proved to be made up of a number of small gifts in the nature of a miscellaneous shower. A delicious luncheon was served later in the evening.

Those present were the two honor guests, Misses Nancy Hintzen, Eva Thicksten, Gracia Hauenschield, Leona Schneck, Evelyn Becker, Edna Kasting, Lucille Winkenhof, Grace Miller, Florence Hufnagel, Mabel, Edna, Louise and Kathryn Hodapp, Paul Becker, Charles Hemmer, Edwin Schleter, Louis Schneck and Garnet Greemann.

BIRTHDAY PARTY

Miss Mary Louise Tabor entertained a number of her friends Tuesday evening at her home on West Second street in honor of her ninth birthday anniversary. The house was beautifully decorated with bouquets of sweet peas. The evening was spent with music and games and refreshments of ice cream and cake were served. The centerpiece on the table was a big cake which was decorated with nine candles.

Those present were: Lois Hecamp, Kathleen McDonald, Deloras and Mentoria Elser, Helen Jane McGinnis, Helen Mae Hennessey, Mary Catherine and Juanita Swengel, Mary Margaret Barkman, Dorothy Myers, Adaline Bowman, Helen Affenburg, Evelyn Tunley, Mary Alberta Mann, Virginia Hoadley, Maurine Carter, Doris, Alis and Gladis Hayward, Virginia and Helen Robertson, Genelle Sutton, Opal Spray, Della Mae Blye and the hostess.

EACRET-GRACE

J. E. Grace and Miss Arminia Eacret were united in marriage this afternoon at 1 o'clock by Rev. C. J. Conrad, of the St. Ambrose Catholic church, at the rectory on South Chestnut street. They were accompanied by Miss Gladys Anderson and Clyde Compton. Immediately after the ceremony the couple left for Louisville where they will spend several days, after which they will return to their newly furnished home on South Chestnut street.

Mrs. Grace is a daughter of Mr. and Mrs. James T. Eacret, 534 South Vine street. Mr. Grace is proprietor of a machine repair shop on South Chestnut street.

BIRTHDAY ANNIVERSARY

Mr. and Mrs. Wm. Brand, of Dudleytown, entertained a number of relatives and friends Sunday afternoon and evening in honor of the birthday anniversary of Mrs. Brand's sister, Miss Lillian Bobb. The time was spent with music and games and an elaborate supper was served. Miss Bobb received a number of birthday gifts.

Those present from Seymour were Miss Clara and Miss Elvora Baute, Albert Heideman, Emil Willman and Henry Kilgas.

HAMILTON-WETZEL

Miss Laura Hamilton and Henry Wetzel both of this city, were married Sunday evening at 8:30 at the rectory of the St. Ambrose Catholic church. The bride wore a beautiful dress of blue georgette. The attendants were Miss Irene Vogel and J. G. Vogelsang.

Both Mr. and Mrs. Wetzel are former residents of Rockport, and are now employed at the City Restaurant, on East Second street.

SCHNECK-RINEHART

Miss Theresa Beatrice Schneck, and Roy G. Rinehart were quietly married this afternoon at 3 o'clock at the parsonage of the Trinity M. E. church, on South Poplar street, the pastor, Rev. Wm. Weiler, officiating. The bride wore a beautiful dress of blue georgette and was unattended.

Following the ceremony the bridal couple went to the home of the bride's parents, where a wedding

supper will be served this evening for the immediate relatives.

Mrs. Rinehart is a daughter of Mr. and Mrs. Charles Schneck, north-west of the city, and until recently was employed as an operator at the Seymour Mutual Telephone company. Mr. Rinehart, who is a son of Mrs. R. G. Rinehart, Booth street, is a brakeman on the Baltimore and Ohio Railroad. Both have a large number of friends in this city.

SESAME CLUB

Misses Mary and Margaret DeMatteo, 115 Indianapolis avenue, entertained the members of the Sesame Club Tuesday evening. The evening was spent in the usual manner with music, dancing and games. Light refreshments were served. Miss Estella Lynch, of Martinsville, was a guest at the meeting.

MARTIAL LAW LIFTED AT LINTON; TROOPS SENT HOME

that the telephone exchange suspend work until after the meeting.

Members of the commission are L. C. Huessmann, Charles Fox, president of the state federation of labor, and Charles A. Greathouse, former state superintendent of public instruction. These men will endeavor to bring the telephone company and the striking "hello" girls together.

Adjutant General Smith feared last night that the trouble would assume serious proportions when miners from surrounding towns joined the several thousand from Linton in their demonstrations in favor of the strikers. He had four companies of state militia on the job and three more entrained. The three—two of them Indianapolis and one Shelbyville—were detained in Indianapolis, however, when the adjutant general was notified of the appointment of the commission. The other troops were also ordered to barracks immediately.

Although there was only one clash between the miners and the patrolling soldiers last night, the situation looked ominous with the thousands of miners hissing the soldiers and gathering in small crowds on street corners. Fred Jones, a miner, was shot in the head when the troops repulsed an attack against them near the telephone building. He will live.

Five Dollars For a Name

Why We Want a Name

For about fifteen years the Hoosier XXX envelope has been the most popular envelope we have handled. During the war the government made a great many restrictions on the manufacture of paper so that XXX will disappear from envelope box labels and will be replaced by a substance number indicating the weight of paper used in manufacturing envelopes.

For two or three years we have planned to drop the name of Hoosier for these envelopes because it is a jobbers' name, and substitute for the same envelope a name which would be distinctively our own. In other words the same quality envelope will be used but under a new name and will be sent out from the mill under our individual label instead of the jobber's label. We have been unable to decide on a satisfactory name and for that reason have decided to offer \$5.00 in cash to the person who will suggest the most appropriate name for this popular business envelope.

Qualities of the Envelope

Every user of the Hoosier XXX will at once recognize their old friend under the new name because the same qualities will be continued which made the Hoosier XXX so popular in Seymour.

GOOD WRITING SURFACE; EVENNESS OF COLOR; UNIFORMITY OF TEXTURE. GOOD GUM FOR SEALING; IN FACT EVERY DESIRABLE QUALITY FOR MEDIUM PRICED ENVELOPE FOR BUSINESS USE.

Rules Governing Contest

1. The name should embody the idea of quality and dignity.
2. The name should appeal to business men as a sensible brand for envelopes.
3. The name may be an entirely new word if otherwise adapted to our purpose.
4. The name should be medium in length, preferably one or two syllables and from five to ten letters, although no strict limit will be placed.
5. Any man, woman or child may enter a suggested name in this contest.
6. Any person may enter as many suggested names as they wish but each proposed name must be in a separate envelope even if suggested by the same person.
7. \$5.00 in cash will be paid for the name which is accepted, but the right is reserved to reject any or all names and reopen the contest until a satisfactory name is found.
8. In filing your suggestion write your name and street address on the slip of paper together with the name you suggest. Fold this sheet of paper and place it in a sealed envelope. On the outside of the envelope write only these words: "Name suggested for The Daily Republican envelope contest." The award will be made from the outside of the envelopes without knowing who has made the suggestion until the award is made and the envelope opened.
9. Typewritten copy is preferred although not required.
10. All proposals should be left at The Republican office or mailed so as to reach the office by 6 p. m., Wednesday, May 7. Announcements will be made as soon as possible after that time.

LOCAL MAN IS BAND LEADER

(Continued from first page)

they were members of the famous Rainbow Division and that they were Hoosiers was revealed when they played "Indiana" with a whole lot of pep.

Every member of this band is a holder of government bonds. A band is almost as indispensable to fighting men as their chow. With its stirring music it serves to keep up the spirit of nerve-racked men when they are away from the guns. It quickens the step on weary

marches. It is the cheer unit of a fighting regiment. Reginald A. Brinklow of the Seymour, Ind., is the leader of this Indiana Rainbow band. Lee M. Bowers of Huntington, once a member of the varsity baseball team at Indiana University, is the assistant band leader. It is expected that this band will make a tour of various Indiana cities this summer.

Members of the band counted themselves lucky that the Victory Loan campaign pulled them into the city because all members of the regiment, except the supply company and medical detachment, were denied

passes today simply because a camp sanitary inspector was not satisfied with the appearance of certain floors. Members of the regiment were indignant that entire batteries should be denied liberty. It seemed an outrage that these overseas men, with little opportunity for recreation during their long campaign at the battle front, should be kept penned up in camp because an unimportant camp officer should make such a recommendation to the camp commander. Col. Tyndall was disappointed that his men were denied the chance to play, with the jurisdiction is with the camp commander.

She weighs over 300 pounds. This is her third litter and is the largest in number of pigs. The first and second litters were thirteen and sixteen pigs respectively.

Hershell Irwin, of Hayden, has gone to Huntington to assist his brother, J. B. Irwin, who is the manager of the Empire Farm Supplies Company.

PETITION IS FILED FOR NEW TOWNSHIP

(Continued from first page)

high school for Salt Creek township was located at Freetown, but about four years ago, during the administration of Dr. Thomas E. Conner, trustee, the building was condemned. However, the state board of health gave the trustee permission to continue the high school at Freetown after specified repairs were made on the building. The permission was temporary and was granted with the understanding that a new building would be erected as soon as possible.

Later a new school building was erected at Houston and the township high school was established there. General protest was made by the residents of Freetown and the vicinity against the location of the township high school at Houston on the ground that the majority of pupils lived closer to Freetown than to Houston. However after the new Houston building was completed a school was opened and was maintained until the summer of 1918 when it was abandoned on account of the small attendance. The Freetown school was also discontinued until 1918 when the trustee abandoned it for want of sufficient pupils. It is said that the state board of education will not recognize more than one high school in Salt Creek township.

At the time the Houston school building was proposed the Freetown people opposed it and tried to obstruct the work. Action in court was instituted and the war industries board was asked to stop the work as it was not essential during the period of the war. After a long controversy the building was completed and when the high school was established the Freetown high school was permanently closed.

Freetown people declare that at least a dozen children in that vicinity who have completed the eighth grade are unable to continue school on account of the distance to Houston. Some of the Freetown children went to the Cortland and Clearspring high schools last winter, it is said. No transportation is provided for the Freetown pupils to Houston and some of them do not have conveyances of their own, and it is said, are obliged to stop school.

Mr. Tinch, who has taken an active part in the effort to secure a high school at Freetown, stated that the petition to divide the township was filed so that Freetown might secure its school and the children there would have equal educational advantages with other children of the county. It is understood that a hard fight will be made to secure the division of the township. Whether or not some compromise might be made at this time to establish a high school building at Freetown and at the same time continue the school at Houston, is uncertain, although many residents of the township insist that the time for such a compromise is now past. It is also alleged that the Houston building does not meet the requirements of the state school law in all respects and even if it is continued in the future some changes will have to be made. The Freetown people object to further expenditure on the building as they declare it is too far away from their vicinity to be of a benefit for their children.

Burleson Says Return of Other Wires Depends Upon Legislation by New Congress.

Washington, April 30—Control and operation of all American cable systems, taken over by the government last November, will revert to their private ownership at midnight Friday.

Postmaster General Burleson, to whom President Wilson, in his proclamation of last November 2, delegated the control of the marine cable lines, issued an order providing for the return of the properties in accordance with the statement of yesterday announcing that he had made such a recommendation to the President. The order, which was issued by direction of President Wilson follows:

"The marine cable systems of the United States, and every part thereof whatsoever, and all material and supplies, the possession, control, supervision and operation of which was assumed by the President by

his proclamation of the second day of November, 1918, to be exercised by and through the Postmaster General, Albert S. Burleson, are hereby returned to their respective owners, managers, boards of directors or receivers to take effect on midnight, May 2, 1919.

"Representatives of the postmaster-general now operating said properties will take immediate steps to carry this order into effect."

The postmaster general, in making public the formal order, issued a statement reiterating his announcement that the telephone and telegraph lines, taken over last July would be returned as soon as legislation could be obtained from Congress safeguarding the interests of the owners of the lines. Mr. Burleson emphasized that his views as to the wisdom of government ownership of the land communication lines had undergone no change, but as it was apparent these views were not shared by the new Congress, the only step left was to return the systems.

"Almost under the noses of the forces left by the Teutonic allies to hold the invaded territory the crown jewels, charter and so forth, heretofore mentioned, as they say in legal parlance, were surreptitiously removed from the palace and spirited away by persons loyal to the ruling branch of the family. As I have stated, I am engaged in the effort to recover them."

"Now we come to the present situation. Some months ago a member of the aforesaid royal house arrived in this country by way of Japan. He is a distant cousin of the crown, and in a way remotely looked upon as the heir apparent. Later on he sequestered himself in Canada. Our agents in Europe learned but recently that while he pretends to be loyal to the ruling house he is actually scheming against it. I have been ordered to run him to earth, for there is every reason to believe that the men who secured the treasure have been duped into regarding him as the avowed champion of the crown. Now, Mr. Barnes, without telling you how I have arrived at the conclusion, I am prepared to state that I believe this man to be at Green Fancy, and that in time the loot—to use a harsh word—will be delivered to him there. I am here to get it, one way or another, when that comes to pass."

she has been endeavoring to raise money here for the purpose of equipping and supporting the remnants of the small army that fought so valiantly in defense of the crown. These men, a few thousand only, are at present interned in a neutral country. I leave you to guess what will happen if she succeeds in supplying them with arms and ammunition. Her work is being carried on with the greatest secrecy. To bring the story to a close, I was instructed to keep close watch on the man O'Dowd. I traced him to this place. I was on the point of reporting to my superiors that he was in no way associated with the much-sought-after crown-cousin, and that Green Fancy was as free from taint as the village chapel, when out of a clear sky and almost under my very nose two men were mysteriously done away with at the very gates of the place. The killing of those two men changed the aspect completely. You will certainly agree with me after I

"Six Months Ago a Royal House Was Despoiled of its Crown Jewels, Seal and Charter."

"What led you to suspect that he is at Green Fancy, Mr. Sprouse?"

"History. It is known that this Mr. Curtis has spent a great deal of time in the country alluded to. As a matter of fact, his son, who lived in London, had rather extensive business interests there. This son was killed in the Balkan war several years ago. It is said that the man I am looking for was a friend of young Curtis, who married a Miss O'Dowd in London—the Honorable Miss O'Dowd, daughter of an Irish peer and sister of the chap you have met at Green Fancy. About six weeks ago a former quarry in the royal household arrived in New York. Through him I learned that the daughter of the gentleman in whose house the senior Mr. Curtis was a frequent guest had been in the United States since some time prior to the beginning of the war. She was visiting friends in the States and has been unable to return to her own land, for reasons that must be obvious. I may as well confess that her father was, by marriage, an uncle of the late ruler."

tion. Haven't I made it plain to you that she is innocent of any intent to do wrong?"

"You have said so, Mr. Sprouse, but your idea of wrong and mine may not jibe."

"There cannot be two ways of looking at it, sir," said Sprouse, after a moment. "She could do no wrong."

Whereupon Barnes reached his hand across the table and laid it on Sprouse's. His eyes were dancing.

"That's just what I want to be sure about," he said. "It was my way of finding out your intentions concerning her."

"What do you mean?"

"Come with me to my room," said Barnes, suppressing his excitement. "I think I can tell you where she is—and a great deal more that you ought to know."

In the little room upstairs he told the whole story. The little man listened without so much as a single word of interruption or interrogation. Somewhat breathlessly Barnes came to the end.

"And now, Mr. Sprouse, what do you make of it all?" he inquired.

Sprouse leaned back in his chair, suddenly relaxing. "I am completely at sea," he said, and Barnes looked at him in surprise.

"By Jove, I thought it would all be as clear as day to you. Here is your man and also your woman, and the traveling bag full of—"

"Right you are," interrupted Sprouse. "That is all simple enough. But, my dear Barnes, can you tell me what Mr. Secretary Loeb's real name is? Why has he established himself so close to the Canadian line, and why the mobilization? I refer to his army of hussies."

"Heirs apparent usually have some sort of a bodyguard, don't they?"

Sprouse was staring thoughtfully at the ceiling. When he finally lowered his eyes it was to favor Barnes with a deep, inscrutable smile.

"I dare say the first thing for me to do is to advise the Canadian authorities to keep a sharp lookout along the border."

LOUISVILLE MASS MEETING RAISES THREE MILLIONS

Eighth District Advances to 45 Per cent. of Quota, and Still is in the Lead.

State	Subscription	Per Ct.
St. Louis County	\$ 969,900	.770
Indiana	10,655,650	.763
Tennessee	10,440,600	.725
Mississippi	6,430,650	.601
Arkansas	10,337,900	.503
Illinois	10,567,300	.344
St. Louis City	17,423,300	.336
Missouri	14,709,950	.422
Kentucky	6,912,150	.279
Total	\$88,445,400	.454

St. Louis, April 30.—Officially the Eighth Federal Reserve District, the St. Louis District, increased its percentage in the Victory Liberty Loan race to 45 1/2 per cent. This does not, however, tell the full story.

Louisville, Ky., in a mass meeting of citizens Monday night, made voluntary subscriptions to \$3,300,000 of Victory Notes. This addition does not show in the tabulated figures. With the Louisville figures added the state has subscriptions totaling \$10,212,150. State Chairman Earl S. Gwin left Louisville while the mass meeting was in progress and learned of the good news when he reached headquarters in St. Louis.

Jefferson County, in which Louisville is located, has a quota of \$11,263,150, almost half that of the entire state, and officially Jefferson County is not represented in the tabulations. The Louisville campaigns are always conducted with a rush, and Chairman Gwin says that his state will rise in the per cent columns rapidly now.

St. Louis County, the smallest unit in the Eighth District, is jubilant over the fact that it has crowded both Indiana and Tennessee, the rivals, from first place. Chairman Collins Thompson has his entry in the lead with a per cent mark of 77.

Illinois in a Rush.

Illinois is the state that made the big showing yesterday. In yesterday's tabulations she had a mark of 14 per cent, while today she has risen to 34 per cent. Chairman Crabtree has not been worried because of the apparent backwardness of the Sucker State, and he says that from now on Illinois will be among the leaders, and will occupy the same enviable position in the race it always has occupied.

Indiana, under the guidance of Chair-

man Marcus S. Sonntag, goes serenely on, and is leading all of the other states.

"Why pay any attention to St. Louis County," he says. "I could take Vanderburgh County in my state and put her over the top any day. Indiana still leads all the states, and we will go over the top first as we always have."

Tennessee keeps on making her splendid showing, and is in third place with 72 per cent, just four points removed from Indiana. Chairman R. L. Jordan is confident that Tennessee will have no relapse and will be in at the finish.

Mississippi is making the best showing she ever has made in a Liberty Loan race, and is fourth with a percentage of 60. Chairman Kretschmar is smiling and confident that long before the campaign ends his state will be well over the top.

District Still On Top.

While figures from the other eleven Federal Reserve districts are not available, it is known that the St. Louis District still is in the lead with a safe margin. The big subscriptions reported from Illinois and Missouri will help to keep the district in the lead.

The following table shows the standing of the units in the Victory Loan for the period ending Monday, April 28, as compared with the standing of the same units in the Fourth Liberty Loan campaign last October:

State	Sub. Per.	Sub. Per.
St. L. Co.	969,900 .770	1,451,850 .73
Ind.	10,655,650 .763	15,800,850 .89
Tenn.	10,440,600 .725	7,440,800 .40
Miss.	6,430,650 .601	6,899,000 .51
Ark.	10,337,900 .503	16,043,950 .67
Ill.	10,567,300 .344	18,875,800 .46
St. L. City	17,423,300 .336	32,861,500 .45
Mo.	14,709,950 .422	17,390,900 .38
Ky.	6,912,150 .279	22,570,200 .60
Total	\$88,445,400 .454	\$141,337,950 .54

St. Louis City is making a brave showing and with sales aggregating \$17,423,300 has sold more Notes than any other unit, and has a per cent mark of 33. St. Louis is in no danger, but Chairman Van Riper and Sales Manager Flynn are applying the spur and want to largely increase the reported sales.

Illinois made the most sensational advance of the day in the percentage column, going from 14 to 34 per cent of its quota subscribed, due to a group of first reports received from some of the largest Illinois counties which heretofore had returned no figures on sales whatsoever.

The first day of the official campaign, which was Monday, in St. Clair county, including the city of E. St. Louis, showed a total of \$1,027,000 of Victory Notes sold. This is almost one-fourth of St. Clair's quota. Macoupin county, which made its first report, came in with \$450,000 sales, almost one-third of its quota, while Madison, whose allotment is \$3,405,850, reported \$831,600 for the day. There are a number of large Illinois counties from which no returns at all have been received, including Adams, with a quota of \$2,387,200; Marion, with a quota of \$613,750; Montgomery, \$1,202,950; Perry, \$583,000. Eleven counties in all show no figures in the Illinois percentage. There are 44 counties in the district.

The following telegram has been received from E. J. Cowling, county chairman Massac county, Metropolis, Ill.: "Massac county sales are one hundred twenty thousand dollars, distributed among two hundred purchasers. Will sell quota to people. Bonds have not bought a bond." H. N. Kunz, county chairman Monroe county, Columbia, Ill., reports that subscriptions are coming nicely in his county. One bank already has voluntary subscriptions which more than over-subscribe its quota. There will be no trouble with Monroe county's quota.

E. E. Williams, district manager, reports that Hardin, Illinois, his own city, has sold 70 per cent of its quota by purely voluntary subscriptions.

Good Progress Reported.

Will Positively Relieve Pain in a Few Minutes.

Don't suffer from the tortures of rheumatism when it is easy to be relieved and enjoy life in the old way. Miller's Antiseptic Oil (commonly known as Snake Oil) penetrates into the aching joints and bones almost instantly, drives away the pain and limbers you up in a wonderful manner.

There is nothing better than Snake Oil for pains of all kinds: lumbago, neuralgia, sore throat, pains in the chest and sides, cuts, burns, bruises, corns, bunions, chilblains; in fact, pains of every description. Take a bottle home today—it's a fine thing to have in the house. In three sizes, 30c, 60c and \$1.00. Your money back if you are not satisfied. For sale by Maxon Pharmacy, Seymour, Ind.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

Many children are behind their class because of bad, unclean teeth.

Get mother to have your dentist examine your teeth and treat them if necessary.

Then ask her to get you a tube of **SENRECO**, so that you can keep your teeth clean. Senreco Tooth Paste will do more to keep teeth clean and gums healthy than anything, excepting your dentist. Ask your dentist.

He knows SENRECO.

to official reports, are not reflected in the day's percentage column, for the reason that after the table was compiled a report was received from Louisville showing that at a Victory Loan Meeting Monday night voluntary subscribers bought \$3,300,000 worth of notes, or 41.5 per cent of Louisville's quota of \$10,212,150.

The official campaign in Kentucky did not really start until Monday. Besides Jefferson County with a quota of \$11,231,500, there are 15 other counties from which no sales have been reported, but where campaigners are known to be making considerable progress. Among these counties are Daviess, with a quota of \$915,150; Henderson, with a quota of \$502,050; Mercer, \$319,500, and Washington, \$185,000.

"Do not worry about Kentucky,"

Among the States in the Eighth District, Tennessee still ranks third in the race, though it practically marked time for a day, advancing only one point, and reaching 72 per cent of its quota. No additional sales had been reported from Memphis and Shelby County, which now has \$8,800,000 towards its quota of \$9,690,500. Of the 21 Tennessee counties in the district, five have failed to send in reports, and among them is Gibson County, which has a quota of \$587,950. State Chairman Jordan is not worried over the silence of these communities, some of which are in the mountains, and will be slow in sending in the final returns.

Three counties—Benton, Crockett and Haywood—are over the top, while Henry County, with an allotment of \$259,300, has subscribed \$219,550. It is expected at headquarters Shelby county will come in soon with its full quota, and when Gibson is heard from Tennessee will continue to closely push Indiana for first position.

Missouri reports have begun to come in in a larger stream, and State Chairman Hughes has renewed confidence that the state from now on will move steadily forward. The percentage yesterday was 42, with seven counties over the top. Some of the others are nearing their quota, notably Adair, which has \$300,000 out of \$338,650 allotment; Chariton, \$446,250 out of \$489,800; Cole, \$500,000 out of \$760,000; Franklin, \$601,500 out of \$822,000; Greene, \$1,250,000 out of \$1,936,500; Grundy, \$300,000 out of \$388,750; Johnson, \$476,250 out of \$642,250; Lawrence, \$350,000 out of \$490,750; Marion, \$609,000 out of \$755,350; Pope, \$300,000 out of \$379,200; Scott, \$324,550 out of \$450,500.

No reports whatever have been received from 25 Missouri counties, some of which have large quotas. The total sales from the state to date are \$14,709,950 towards a quota of \$34,836,100. Chairman Hughes is urging the workers to go after the small subscribers with great vigor, and to make special effort to reach the farmers, who have prospered greatly.

VICTORY LOAN VOLLEYS

Subscriptions to the Victory Loan mean that followers of the former kaiser and kultur will be so discouraged that they will never think of weltpolitik again.

A subscription this time may save nine in the future. It at least will prove to all transgressors of world comity that they cannot run wild with impunity.

Our part now is to get out and subscribe this Victory Liberty Loan. Victory Liberty Notes bear 4% per cent interest, and to all intents and purposes, so far as most of us are concerned, they are non-taxable.

Preach the doctrine that interest coupons on Liberty Bonds should not be exchanged at any post office for War Savings or Thrift Stamps. Our government needs the money and war Savings Stamp purchasers will compound their interest on the best investment on earth.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

NEW ESTIMATES ON ROADS TO BE MADE

(Continued from first page)

of litigation which would delay construction.

Some who are interested in the construction of the highways are advocating the immediate release of the Boone company so that new contracts can be awarded. They point out that the release of the construction company is provided for under the new law and an effort to try to throw the additional expense on the company would be futile. Others insist that the bonding company is responsible for the construction of the roads and that to release the contractors the bonding company would also be relieved of further obligation.

The commissioners at their last meeting appointed viewers to make a new estimate of the cost of construction and it is expected that their report will be filed next Monday. What action will be taken in reference to the release of the original contractors will also be determined at that time. It is pointed out that the bonds for the improvements were sold three years ago and the investment is now idle while the taxpayers are not getting any benefits from better highways. It is believed that the roads will cost approximately twenty-five percent more at this time than the amount of the original bids.
